LET THE

ROLL

# Good Times

**W**e came to the Phoenix like a chick in its nest, young, unmolded and doubtful. Yet as the years passed, we developed to new heights in scholastic and athletic excellence. Students sensed this as they took more advantage of what "the mighty Phoenix" had to offer.

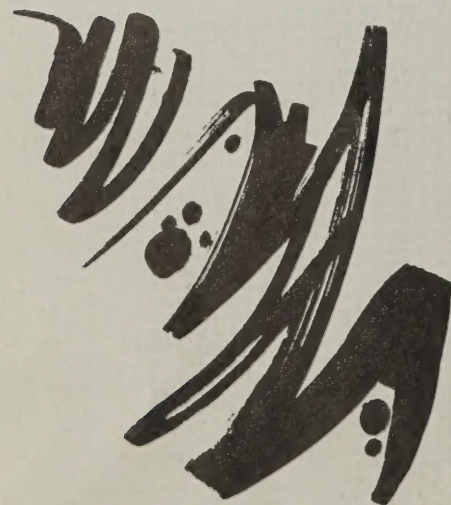

As we learned to fly, we became responsible, independent and distinct, discovering ourselves as we paved our passage into the future. The school took steps forward as new programs and curricula were designed to enhance our basic foundation and assist in preparing us for our new lives.

# Memories

We went through a metamorphosis on each level - in the ninth we made adjustments, in the tenth we gained experience, in the eleventh we displayed confidence, and finally the twelfth year marked our passage into a new world. As we meet this passage with great apprehension, we know one thing is for sure—change is inevitable.

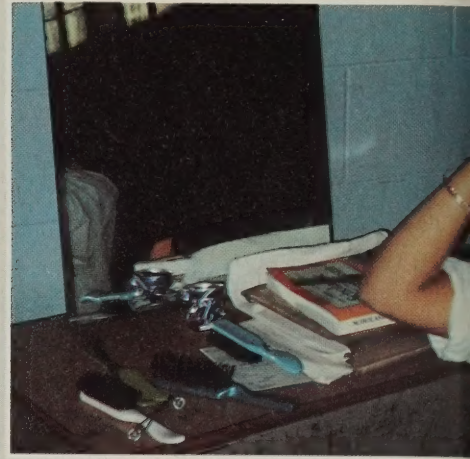

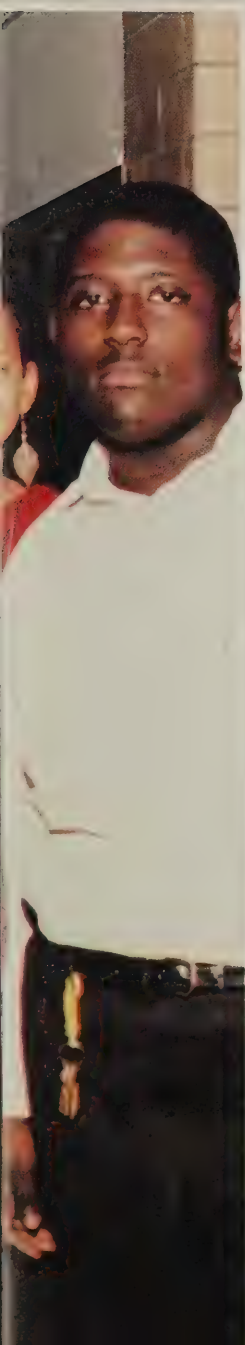

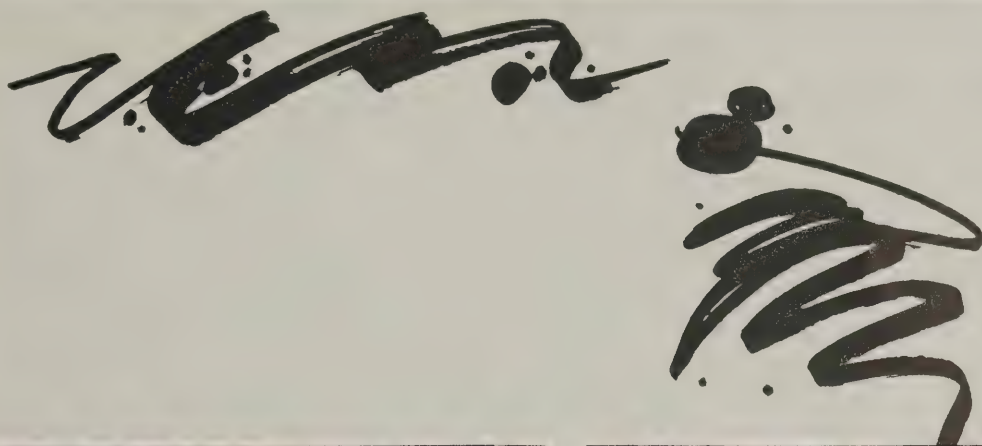

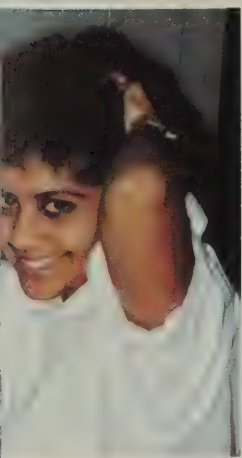

# Happy Days

Now we leave the nest ready to fly, to confront new horizons. For we as the Phoenix, have the innate ability to regenerate our energies as we conquer the challenges this ever changing universe offers.

# GRADUATION: A TIME FOR TRANSITION

---

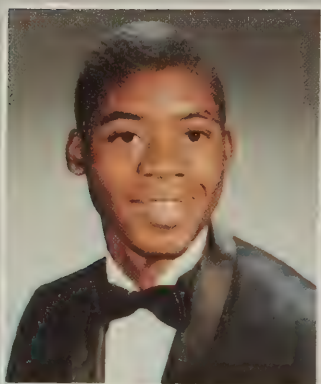

It's finally here! That long awaited, but well prepared for time of our lives. A time set aside for laughter and tears. A time to finally break out of our cultured cocoons and show the world what we The Class of 1987 have blossomed into.

## *Message From The President*

We came here to University High as young innocent, unknowing seekers, searching for our own identities, values, and strengths. I must say, "We've come a long way", sweethearts.

I am often overwhelmed when I look around and notice how mature we have become. I sincerely hope that all of your hopes and dreams, and desires are converted to realities. Remember that is only through diligence and dedication that you can aspire to reach new heights.

I am glad that I have had the rare opportunity to lead such a diverse and talented group of young adults through so many precious moments in our lives; moments which will never be forgotten by any of us. I love you all and wish you tremendous success.

## Herman Alston

I was born on July 20 under the sign of Cancer. I don't have any one name, I have about 20. Among them are the Huminator, the Jockster, and Droopy. I like to play sports, but the sport I like the most is basketball. That is how I got most of my names.

## Cassandra Amos

I am Cassandra B.K.A. \*CiCi\* or \*Cassy\*. I enjoy basketball and doftball. My sign is SEXY SCORPIO, born on Halloween. I like to spend time with the ones I care about the most. My future goal is to be the best at whatever I do. I plan on attending Seton Hall University next spring. I am known as being a fun and outgoing kind of person. To really understand me is to know me. Friends like Katrina, Kelly, and Bridgette best know me as being so called "boy crazy". I'm presently at Macy's at Livingston Mall. In the future, I hope to become a business administrator. Whatever I become, I owe it to my PARENTS.

## Robert Barr, Jr.

Good Luck to the Class of '87" in whatever you do.  
Talk to you later!

## Lori-Ann Bennett

I have now reached the time to leave University High. Although I came in my Sophomore year, the people here took me in as though I had started from the very beginning. Three of my most important years were spent at this school. These three years will determine how much I will succeed in life.

During my high school life, I have experienced many things. But the most important is that, "You have to work hard for what you want . . . nothing will be given to you."

My friends are Tiffany, Patrice, Mary and Denise, the people who have shared the majority of my school life. We stuck together through thick and thin and I wish them the best of luck. Vanessa and Raquel, I didn't forget about you. I know we will always be together (FLY Devils). I especially have to thank my family, who dealt with all the attitudes, grades and changes I had to go through. They were very supportive. I love you Nana ( you thought I forgot). I didn't forget you Sid. I will admit I have had my bad times at University High but I am just glad to say I AM OUT OF HERE!!!!

## Lori Benson

### Maturity

Maturity is the development of becoming a full grown adult. some people reach this point before others, and some people tend to think that they have reached that point. With maturity comes responsibility. A mature person is able to handle a situation in a decent manner. A mature person should not be selfish. They should not always do things their way, but they should often make sacrifices to do things the right way.

If you feel that you have reached this point in your life, and you know what you want, you should be a success in becoming a responsible adult. If you haven't reached this point, I think that you should start facing reality. So that one day you will be a mature responsible person. One who knows what they want out of life.

For this reason a unique message is appropriate:

Class; we are the same in many ways, Too many hopes, to many dreams, and we can't make them work so it seems. We have to act now!! Tomorrow's too late, for yesterday was a day in which we wasted.

Each day is a lifetime . . . . .

We must start today in learning how to fight if we plan to win this game they call Life . . . . .

May this message bring you peace and joy,

Hoping tomorrow sends you much, much more.

# Latrice Kinsey

If my daddy could see me,  
He would be so proud.  
If my daddy could see me,  
He would shout out loud-  
"My baby has done it,  
She's accomplished her goal!"  
If my daddy were here,  
He'd hug me, and kiss me, and would be full of cheer.  
If my daddy were here today, to see me graduate,  
He would say,  
"The pride I have for you could never be expressed in  
one way".  
But my daddy's not here in body, only in soul,  
But I know he'd be proud,  
That I've accomplished my goal.  
Now there are bigger, and better things to come,  
And I'll continue to make my daddy proud In the long  
run.

I LOVE YOU DADDY

## Michael McDaniel

Greetings. I am Michael David McDaniel. Sometimes, I am referred to as Mic (Mil) or (Mid). A prominent pet saying of mine is, "Don't worry about it!" I say this in a relaxing rather than careless tone.

Currently, I am involved with Lincoln-Douglas debate, which has given me confidence when speaking. Also, I attend Upward Bound, which has functioned in my life as a social and academic outlet. I have been involved with both activities for 4 years. Nevertheless, the climax of my high school life has been induction into the National Honor Society in my junior year.

I plan to major in business or computers in college. But, I want to become an entrepreneur. It is easier to become nothing, but harder to become something.

Farewell, I will say to the junior class and succeeding classes, and think for yourself. Remain positively motivated. Be honest with yourself and find yourself. I view history as the cornerstone of our lives, because it gives us strength and guidance. No, I am history. My stay at UHS was fulfilling.

But through my many endeavors there has always been a friend . . . A friends who was there to lend a hand. A friend who has given me strength to face the world of responsibilities. A friend who has instilled in me, "Be Ye Steadfast." A friend who has often said, "cultivate the mind and never settle for that which is second best." When I ask my friend, "Do I dare eat a peach" she says, "Be yourself or you'll be by yourself." My friend has shown me that all things work together for good for those who love the LORD. My friend believes in one rule in which she governs her life. And that is "a person has to work hard and remain true to themselves in order to achieve and to get the best out of those achievements. My friend is also my mother.

Throughout my years in school, I have achieved a well-rounded education. I have been in many programs, courses, and clubs that have contributed to my being. From my first day of school, to my last, I have struggled to get ahead in all of the obstacles that have come my way. Friendship seems to come easily to me. I have friends with teachers and students alike, many of which I may be close to for the rest of my life. I am happy to say that I have enjoyed these years immensely, and I hope the rest of my life is as good.

In life, to achieve any goal, you must always begin with a firm educational background. Although success is everyone's dream, it cannot come to be without education. Regarding education, parents provide the motivation. It is up to them to begin your educational career, thus starting your life on the right track. I am glad that my parents felt this way about me (and still do). If it were not for them, I would not be where I am today. With the help of my family and friends, my whole life has been filled with "goodness and light." I thank all of you.

### WHAT IS A FRIEND?

Friends are people who care  
Who will always be there  
When our days are cloudy and  
gray  
When we need a helping hand  
They are there to understand  
And they do it in their own  
special way.

Through thick and through thin  
On friends we can depend  
When we feel we have no  
where to turn  
Whether you're right or wrong  
They hold on strong  
And give you their utmost  
concern.

# Phoenix Staff 1987

Left to right: Alicia Carpenter, Nirmala Chetram, Denise Chambers, Cassandra McCollum, Clesia Highsmith, Sandra Sledge, Shahrazad Odom, Monica McCloud.

The 1987 Phoenix Staff never realized how appropriate the theme Passages would prove to be in the completion of the yearbook. The year began uneventfully under the direction of advisor Gwen B. Jackson. Unfortunately Ms. Jackson had to leave school due to illness before the first Phoenix pages were submitted.

Thus began the quest to complete the yearbook which took a multitude of twists and turns. With the help of the loyal staffers above Senior write-ups and photos were collected, candid and 8th grade pictures cropped and identified and layout meetings organized. Using Bonnie Levine the Jostens Representative as a "substitute" advisor, the first 80 pages were completed and the Phoenix took a positive turn toward "finalling."

With the addition of Mr. Frank Greene to coordinate ad sales and material collection with Senior Class Advisor Marilyn Lewis, and 8th Grade assistance from Mrs. Patricia Richardson another road sign was passed. The final and crucial link in our passage to completion was the addition of Mr. Robert Allen to take over the advisory role, and the task of coordinating the last two deadlines.

To say this was a typical year would be an understatement, but in the same respect the value of the finished product becomes even a greater statement of the desire, commitment and exceptional nature of the University High School family under the continued support of Principal Mavie Bagby. The Phoenix 1987 has completed its "passage", and the staff hopes you enjoyed the journey.

### To The Class of June 1987 -

**Congratulations!**

Each of you has achieved academically! This is just one of the many important ingredients that make up the "circle of life".

As you travel the road ahead remember always to:

Respect yourself and the rights of others.

Never overindulge in any one thing for overindulgence will create disdain.

Pursue your goals and ambitions with honesty.

Stand tall for what you believe in; yet, at the same time have appreciation for the opinion of others.

Give your best! In so doing, the best will come back to you.

Learn to be committed and adapt to change.

All of these ingredients when properly mixed will insure and contribute to your success in the future.

Sincerely,

*Marie A. Bagby*

Marie A. Bagby

Dear Graduates:

It seems as if you entered University High School only yesterday! When I addressed you for the first time that day in September, I sensed there was something special about you. I was right! The enthusiasm and eagerness you displayed on that opening day have helped in motivating you to achieve academic success. You have met the tasks that were put before you. It is my firm belief that you will continue to face all of the challenges that life will thrust upon you with the same intensity you have displayed at University High School.

Congratulations!

Sincerely,

T. V. Jones

Vice-Principal

# CHAIRPERSONS

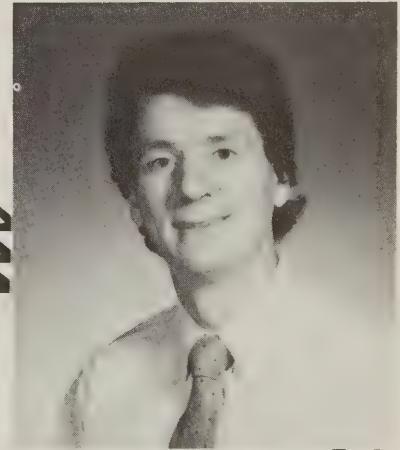

Dear Graduates,

The English and Foreign Language teachers have endeavored to give you a strong foundation in at least two languages, and a respect for written works of other cultures as well as your own. Using this as a beginning, we would like to see all of you pursue your education with an inquiring mind that respects all people's opinions. Reflect on your academic experiences at University High School and use them to your advantage during the coming years. You will be an inspiration to those students who come behind you.

Best wishes from all of us,

Khadijah Bashir  
English Dept. Chairperson

Walter Genuario

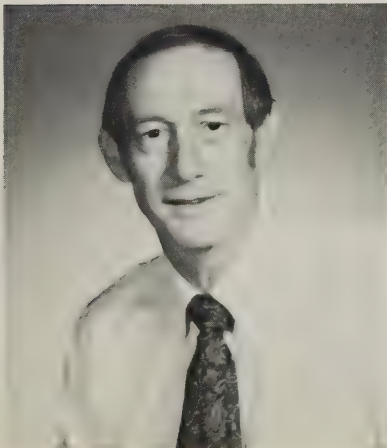

From all the mathematics and science teachers to all the graduates of the class of 1987, we extend our heartfelt congratulations and sincerest best wishes.

More than any fact or piece of information that you learned at University High, we hope that you acquired and unquenchable thirst to examine, to challenge, to learn and to grow.

As you reaffirm your commitment to the pursuit of excellence, remember your commitment to your fellow man and to those less fortunate.

You have made our school a better place. Let us go forward together and make our world a better place!

James White

To all the graduates of University High School we extend our heartfelt congratulations. We fully anticipate that you will apply the skills and knowledge you have acquired to further your education and strive for excellence. The foundation you have received from University High School will enable you to become the leaders of the future. We know that among you are our country's leaders, a possible Congressperson, Senator, or President.

The girls play so well, that Keshia waits until the ball comes to her.

## Oliver, Wright lead All-Essex

By MIKE KINNEY

In the classroom at Newark's University High, the standards are high.

It's an academically ambitious school which opened its doors only three years ago.

A quick, productive pace has also been the rule with the school's athletic program. In the first season of the school's existence, the University girls' basketball team compiled an 18-3 record, which was followed by a 17-5 campaign. This season was the best, a 23-1 record, the Essex County Tournament championship and recognition in The Star-Ledger Top 20.

The program got rolling three years ago behind the contributions of Felicia Oliver and Kim Wright, who entered as sophomores. Both have developed into outstanding players. Wright, in particular, has made amazing strides considering the fact that she had never played organized basketball until she enrolled at University.

Oliver and Wright are members of The Star-Ledger 1987 All-Essex County Girls' Basketball Team.

The other three members of this year's unit are Columbia's Wilhanitra Lee, a 5-11 senior center with a powerful inside move and a soft jumper; Toni Kiernan, a 5-8 senior forward for Montclair Immaculate, and 5-2 senior guard Earlisha Dill of Shabazz, a 1986 all-county selection.

The Star-Ledger Essex County

**FELICIA OLIVER:** Oliver, who's started every game since the program began, was the catalyst behind University's quick-paced offense and stingy defense. University, whose only loss was a 63-50 decision against North Warren in the North Jersey, Section 2, Group 1 final, outscored its opponent by an average score of 63-35.

"Felicia did everything for us," said University coach Valerie Barnes. "She was the leader in every single game. Whether we played a good team or a bad team, she played her hardest."

over Shabazz in the championship game, she scored 27 points and grabbed 15 rebounds.

**KIM WRIGHT:** In the final six games of the season, Wright averaged 20 points and 23.2 rebounds to lift her season numbers to 18.3 points and 20 rebounds.

"It's amazing when you think of how short a time she's been playing," said Barnes. "She's going to improve, too. She can develop into one heck of a college player."

### Class Cronicle

Twass the day before graduation and all through U.H.S.  
Not a senior was stirring; Where were they, can you guess?  
The girls at the beauty parlor, the boys at the hair cutters  
No statement of: I wish we could do it again did any of them utter  
As they sat on line waiting for their time to come close,  
They began to give University High a cheerful toast:

Here's to our time as freshmans, full of merrymant and cheer;  
Although some of us had too much merrymant and to the boot  
By Sophomore year.

Here's to our time as a Sophomore with statements we cannot rid  
Statements like "I'll give you a karate chop", and statements like "God  
forbid!"

Here's to our time as Juniors, the terrible "Ho Hummer",  
Struggling to make up Physic homeworks and facing classes in the  
summer.

Here's to our time as Seniors, the time we are supposed to revel,  
Only quite difficult to do when you are confined to the third third level.

Here's to all our teachers, who have called quite unique names indeed,  
Teachers that have truly taught us: taught us that we have the power to  
lead.

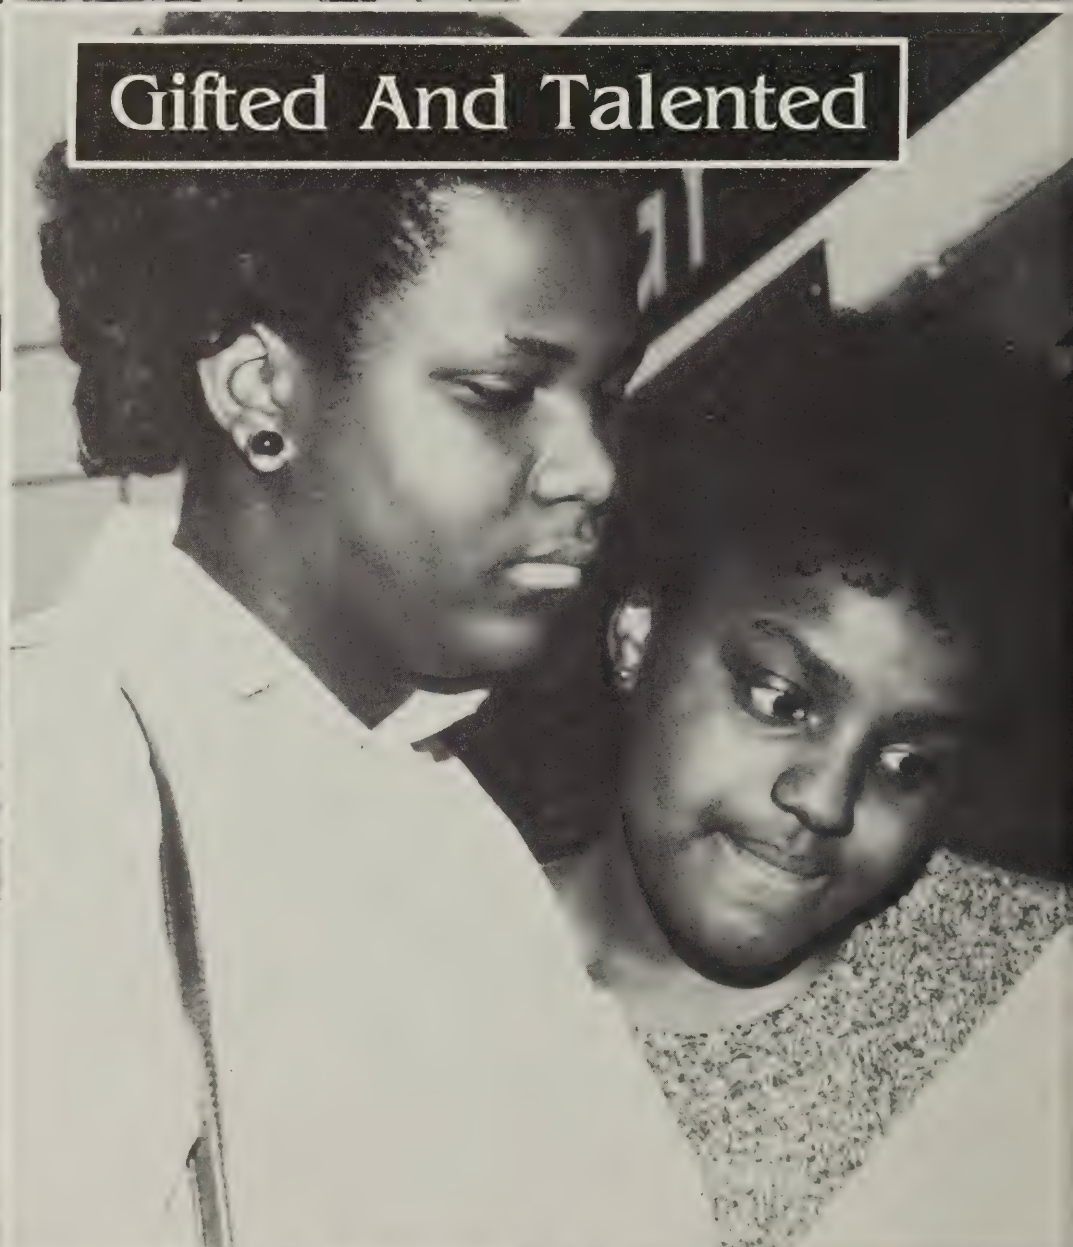

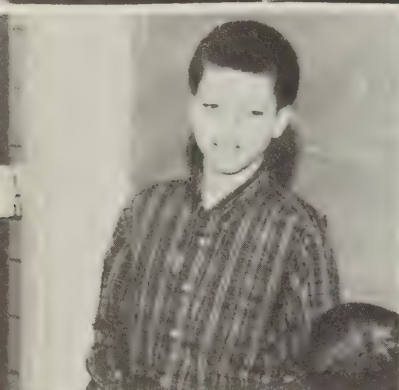

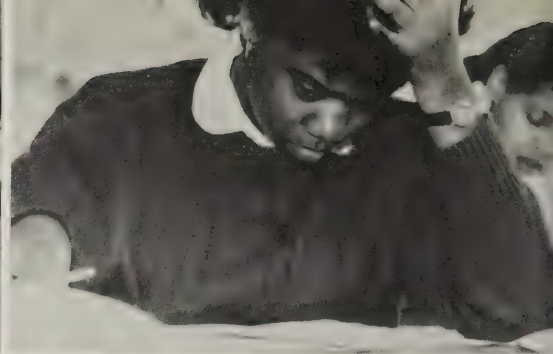

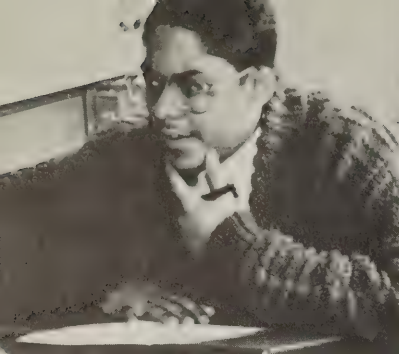

Finally here's to University High, the place where we struggled for our fourth  
year.  
There will always be a place in our heart where we will hold you ever so  
dear.

EXTEND CONGRATULATIONS

TO THE CLASS OF 1987

May the poem "IF" by Rudyard Kipling guide  
each graduate in the search for self fulfillment

IF YOU CAN DREAM-AND NOT MAKE  
DREAMS YOUR MASTER;

IF YOU CAN THINK-AND NOT MAKE  
THOUGHTS YOUR AIM;

IF YOU CAN MEET WITH TRIUMPH AND  
DISASTER AND TREAT THOSE TWO  
IMPOSTERS JUST THE SAME; . . .

IF YOU CAN FILL THE UNFORGIVING  
MINUTE WITH SIXTY SECONDS OF DISTANCE RUN,

YOURS IS THE EARTH AND EVERYTHING  
THATS IN IT,

AND - WHICH IS MORE - YOU'LL BE A MAN,  
MY SON!
